Iteration 2: Completed February 26th (see previous submission)

Iteration 3: Completed March 18th (Current submission)

Summary of work done for the Iteration 3 detailed user stories:

• Event Items Assignment:

Allow event attendees to volunteer to bring required for an event

- Invitees can now opt to bring an item from the event item list.
- Claimed items have the user's name next to them.
- Events by Location:

I want to be able to search public events close to my location.

o Users can now filter public events to show all events or set their location to show events near them.

I want to list my public event with location information so that anyone in my area can find it.

• Event locations are used to filter them when searching by location.

• Event Notifications:

I would like to be notified of any changes to an event.

• If an event is altered by the creator, all invitees are notified.

I want a reminder email close to the date of an event.

• Invitees are reminded of events they're invited to that are coming up.

• Event Cancellation:

I want to be able to cancel my event.

- Creators can cancel their event from the dashboard.
- All corresponding invites, polls, etc are deleted as necessary.

Notify the invitees of my cancellation.

• When an event is deleted, invitees are notified by email.

Iteration 4: (Planning for next iteration)

Detailed user stories for this upcoming iteration:

- Invite Friends to Event:
 - I want to be able to invite my friends to public events I'm going to.

• Priority: Medium Cost: 2 Days

- <u>Ticket Payments:</u>
 - I would like to pay for my tickets to an event without leaving the partEz app.

• Priority: Low Cost: 5 Days

- Attendance Restrictions:
 - I would like to limit the amount of attendees to my event so as not to exceed the capacity of my venue.

Priority: High Cost: 4 Days

- As an avid party-goer, I would like to see if an event is close to being fully booked so I can reserve a spot quickly.
 - Priority: Medium Cost: 2 Days
- <u>Ticket Sales:</u>
 - As an event coordinator, I would like to set up ticket sales through partEz so I don't have to keep track of too many services.
 - Priority: Low Cost: 4 Days
 - I would like to see how many tickets are available for an event before I buy so I know if there will be enough
 for all my friends.
 - Priority: Low Cost: 2 Days
